¶118.9 MESSAGE FROM THE PRESIDENT—RAILROAD RETIREMENT BOARD

The SPEAKER pro tempore, Mr. MAZZOLI, laid before the House a message from the President, which was read as follows:

To the Congress of the United States:

I hereby submit to the Congress the Annual Report of the Railroad Retirement Board for Fiscal Year 1991, pursuant to the provisions of section 7(b)(6) of the Railroad Retirement Act and section 12(1) of the Railroad Unemployment Insurance Act.

The Railroad Retirement Board (RRB) serves over 873,000 railroad retirees and their families and almost 283,000 railroad employees who rely on the system for retirement, unemployment, disability, and sickness insurance benefits. Beneficiaries depend on the financial integrity of the pension funds for payment of their benefits.

This report includes the Annual Actuarial Report, which concludes that the railroad retirement system will not experience a cash flow problem in the near future. The Chief Actuary at RRB, however, warns that "the long term viability of the system * * * is still questionable." Based on the report's analysis, if employment trends continue as they have for over a quarter of a century, the trust funds will go broke sometime between 2010 and 2016.

I continue to strongly oppose the permanent diverting of Federal income taxes to the rail pension system. Since 1983 approximately \$5.4 billion in taxpayer subsidies have been given to the rail pension fund, \$1.72 billion of which were from the diversion of income taxes. The Railroad Retirement Board believes current resources are sufficient to pay benefits, except under the most pessimistic assumptions, thereby rendering Federal subsidies unnecessary. Railroad pensions should be financed solely by rail sector resources.

As I stated last year, I support all equitable reforms to the system, such as privatization and the extension of rules protecting private pensions (Employee Retirement Income Security Act) to the railroad's private pension system.

GEORGE BUSH.

The White House, October 1, 1992.

By unanimous consent, the message, together with the accompanying papers, was referred to the Committee on Energy and Commerce and the Committee on Ways and Means.
